

GA T GACAG

A sequence logo for the motif GA T GACAG. The letters are colored: G (green), A (yellow), T (red), G (green), A (yellow), C (blue), A (yellow), G (green). The logo shows the relative frequency of each nucleotide at each position, with the most frequent nucleotide being the largest. The background is white with a dashed vertical line on the left and right.

GA T GACAG

A sequence logo for the motif GA T GACAG. The letters are colored: G (green), A (yellow), T (red), G (green), A (yellow), C (blue), A (yellow), G (green). The logo shows the relative frequency of each nucleotide at each position, with the most frequent nucleotide being the largest. The background is white with a dashed vertical line on the left and right.

PBX3_HUMAN.H11MO.0.A

TGA T GACAG

A sequence logo for the motif TGA T GACAG. The letters are colored: T (red), G (green), A (yellow), T (red), G (green), A (yellow), C (blue), A (yellow), G (green). The logo shows the relative frequency of each nucleotide at each position, with the most frequent nucleotide being the largest. The background is white with a dashed vertical line on the left and right.

PKNX1_HUMAN.H11MO.0.B

TGA T GACAG

A sequence logo for the motif TGA T GACAG. The letters are colored: T (red), G (green), A (yellow), T (red), G (green), A (yellow), C (blue), A (yellow), G (green). The logo shows the relative frequency of each nucleotide at each position, with the most frequent nucleotide being the largest. The background is white with a dashed vertical line on the left and right.

PKNX1_MOUSE.H11MO.0.A

TGA T GACAG

A sequence logo for the motif TGA T GACAG. The letters are colored: T (red), G (green), A (yellow), T (red), G (green), A (yellow), C (blue), A (yellow), G (green). The logo shows the relative frequency of each nucleotide at each position, with the most frequent nucleotide being the largest. The background is white with a dashed vertical line on the left and right.

PBX1_MOUSE.H11MO.0.A

TGA T GACAG

A sequence logo for the motif TGA T GACAG. The letters are colored: T (red), G (green), A (yellow), T (red), G (green), A (yellow), C (blue), A (yellow), G (green). The logo shows the relative frequency of each nucleotide at each position, with the most frequent nucleotide being the largest. The background is white with a dashed vertical line on the left and right.

PBX3_MA1114.1

TGA T GACA

A sequence logo for the motif TGA T GACA. The letters are colored: T (red), G (green), A (yellow), T (red), G (green), A (yellow), C (blue), A (yellow). The logo shows the relative frequency of each nucleotide at each position, with the most frequent nucleotide being the largest. The background is white with a dashed vertical line on the left and right.
